B.S Computer Science | Westfield State University

Minor in Mathematics

GPA: 4.0 / 4.0

Dean's list 2020

09/2020 – Present

(Expected 05/2022)

A.S Computer Science | Holyoke Community College

GPA: 3.982 / 4.0

Dean's list 2018, 2019, 2020

09/2017 – 05/2020

Relevant Coursework

- | | | |
|----------------------------|------------------------|---------------------|
| • Java Programming | • Data Structures | • Engineering w/CAD |
| • Intro to Microprocessors | • Software Engineering | • Computer Security |

PROJECTS

Tower Defense (Java, Git, Android, Gradle, Scrum)

- Co-developed a tower defense game for Android through Scrum Methodology.
- Collaborated with team through Git source control and GitHub.
- Used multi-threading to separate logical processes from UI.

Snake Game (Java, CSS, Maven)

- Developed a desktop app of the classic Snake game in Java.
- Managed dependencies using Maven.
- Used CSS to set application styles and theme.

EXPERIENCE

Iron Pioneer Metalsmiths

2017 – 2020

- Worked independently to fabricate parts through forging and welding.
- Restore various pieces of equipment to original working condition.
- Design new products and components for existing products.

Procopio Construction

2015 – 2016

- Responsible for cleaning and organizing worksites.
- Helped landscape and hardscape yards, planting shrubs, preparing lawns, and building walls.
- Perform general cabinetry, hang cabinets and install shelving.
